It is really anomalous to have an Officer in charge of industrial development, also to be in charge of labour and the arbitration or settlement of labour disputes.

Chief Secretary to Government.

21/6/47

Submitted to His Highness.

At present the Director of Industries and Commerce is attending to the duties of the Commissioner of Labour. Besides being in administrative charge of several Industrial Concerns, the Director is also the Government Director and Chairman of some State-aided Joint Stock Companies in the State. There is a heavy programme of Post-war Schemes which have to be undertaken urgently. It is also somewhat anomalous that an officer in charge of Industrial Development should be also in charge of labour and the settlement of labour disputes and negotiations connected with it. It is therefore very necessary that the Director of Industries and Commerce should be relieved of the work relating to Labour Department and that the work in question should be entrusted to a whole-time officer.

The question of having a separate Department for looking after the upliftment and amelioration of the Depressed Classes has been under consideration for some time past and several representations are being made to Government in that behalf.

The question of the appointment of a Commissioner of Labour and Depressed Classes was considered at a meeting of Council held on 20th June 1947, when the following resolution was recorded:-

"Mr. Ramachandra Rao Bhombore may be appointed Commissioner of Labour and Depressed Classes on Rs. 1,200/- per mensem.

Mr. B. Rachappa may be appointed on a tenure basis as Assistant Commissioner of Depressed Classes on a grade pay of Rs.600-25-850 and started on a pay of Rs.650/- in the grade".

I solicit that the resolution of the Council may be graciously approved.
